

THROUGH DARKEST AFRICA.

Successful Finding of Donaldson Smith's Long and Perilous Trip.

PHILADELPHIA, November 5.—A cablegram was received in this city last evening from Dr. Donaldson Smith, dated at Aden, bearing the one word "Successful." This news establishes the safety of the plucky Philadelphian, who for the past year and a half has been exploring the wilds of Eastern Africa, and at the same time puts an end to doubt as to his safety, which has been felt by those interested in his expedition for the past few months.

Dr. Smith entered Africa on the eastern coast at about the third degree of north latitude a year ago last June, to push across the country of the Gallies and Mazai to the two lakes which have been recently discovered by another expedition, and thence on to the two Nyanzas, his object being to carry out and complete the line of exploration from the lakes to the east coast, a distance of several hundred miles. Dr. Smith was accompanied by about 150 Africans, and at first by an Englishman who was subsequently obliged to return to London. Dr. Smith sent back some fine specimens of flora for the Geographical Society of London, and some months later was reported to be pushing on by another party whom he met.

Aside from these evidences of his safety there have been none until the arrival of his cablegram last evening. As the region which Dr. Smith has traversed is at the present time represented by a blank space on the map of Africa, the significance of the explorer's brief message will be realized. He has undoubtedly made discoveries of value. Dr. Smith is a graduate of the University of Pennsylvania class of 1885.

The fairer and more delicate the skin, the more likely it is to freckle and the worse it will look after it is freckled.

Thousands of women, otherwise beautiful, are disfigured by these unsightly, brown blotches. Nothing will hide them. They are a source of misery, but they can be cured.

La Freckla is the death-warrant to freckles. The preparation of La Freckla is one of Mme. Yales' greatest achievements. There are many imitations, some of them very dangerous and hurtful to the skin; none of them really effective. For safety and certainty, insist always on getting the genuine and original La Freckla.
